

## **DNA Group, Inc Participates in Raleigh Chamber of Commerce Business Showcase**

**Raleigh, NC – August 23, 2011** DNA Group, Inc's Logistics Services exhibited in the 2011 Raleigh Chamber of Commerce Business Showcase event on August 23<sup>rd</sup> at the North Raleigh/Midtown Hilton. The Business Showcase was sponsored by Triangle Business Journal, WPTF 680AM and the Curtis Media Group. Designed for small and large businesses, the event drew a crowd of 800 potential customers. Trade show participants included both service and commercial industries in addition to consumer product focused businesses interested in our warehousing services. "It was a very positive experience for DNA Group," says Logistics Manager, Robin Enright.

DNA Group offers warehousing, receiving and distribution services in a 21,000 sq ft high density storage facility located in Raleigh, NC.

### **About DNA Group, Inc.**

DNA Group, Inc. is a leading provider of OEM integrated solutions through engineering, manufacturing and logistics services. Based in Raleigh, NC, the company manages and operates subsidiaries:

Defond North America, a key supplier of electromechanical components, switches and electronic assemblies to OEMs the world over. An affiliate of Group Defond, the company produces over 1 million power switches and over 300,000 electronic and electromechanical assemblies daily.

Digital Switching Systems, a leading provider of reliable and unique electronic and mechanical switching solutions for the marine, transportation and industrial industries. The company continues to bring to the forefront state-of-the-art devices and software applications for remote, networked control of low voltage DC power applications through the DSS family of components powered by omni-BUS™.
